PROJECTS

Portfolio WebApp -

[Website](#)

- I built a portfolio website using ReactJS, featuring full responsiveness across all devices, secure login/logout functionality using 'Auth0', and a functional contact form.
- **Technologies used:** ReactJS, Styled Components, Tailwind CSS, SCSS, EmailJS.

Business Website -

[Website](#)

- I recently designed a replica of "Digital Solution's website" using a combination of ReactJS, Tailwind CSS.
- **Technologies used:** ReactJS, Styled Components, Tailwind CSS, SCSS/SASS.

Construction Management Service -

[Website](#)

- I recently designed a landing page of a "Construction Management Service" using ReactJS
- **Technologies used:** ReactJS, Styled Components, Tailwind CSS, SCSS/SASS.

Portfolio Website -

[Website](#)

- I've put a lot of care into crafting my portfolio website. It's a dynamic space where user can showcase his work and portfolio.
- Technologies used: HTML, CSS, JavaScript, Bootstrap, and SASS/SCSS.

ABOUT ME

I'm a web developer who's truly passionate about crafting beautiful and intuitive websites. I specialize in front-end development, using tools like ReactJS, Tailwind CSS, and Bootstrap to bring designs to life. Currently, I'm diving deep into the MERN stack to expand my skills. I'm excited to lend my expertise to innovative projects and continue growing professionally. To know more about me [Click Here](#).
